

WORKFORCE HOUSING IN GRANT COUNTY

COULD A HOME BE RIGHT FOR YOU?

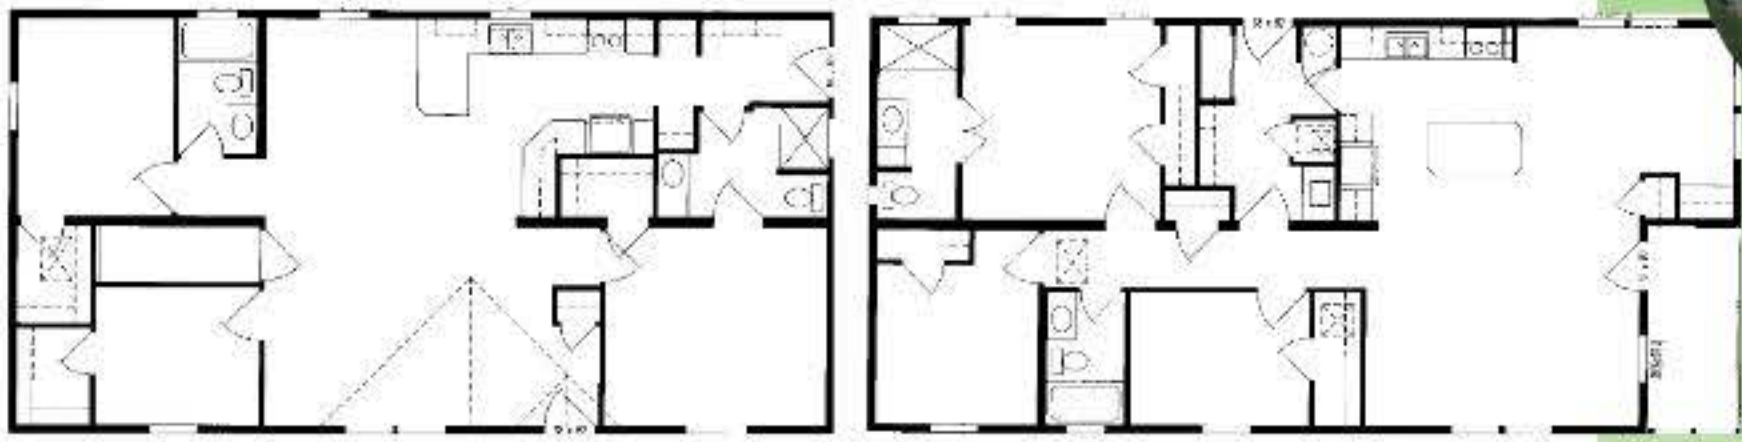

The Workforce Home Purchase Program provides qualified workers with an opportunity to purchase a home made available through the program. The program does not provide down payment assistance, grants, loans or other financial assistance to purchasers. Applicants are responsible for obtaining their own financing, paying all applicable closing costs and meeting ongoing costs of homeownership. Applicants who meet the minimum eligibility requirements will be evaluated using the program's established selection criteria.

COULD THIS BE YOUR OPPORTUNITY?

-  Stable income within the community or relocating to Lancaster specifically for employment
-  Looking to purchase a primary home
-  Priced for working families

\$250,000
